The 10 greatest locations for filming in Ubon Ratchathani
1. Sam Pan Boak (3,000 hole canyon)

- Location Descriptions

Sam Pan Boak (3,000 hole canyon) has one of the largest rock reefs in Thailand. The Mae Khong River has flown through these canyons for many decades, which created many holes in rocks. That is the origin of its name “Sam Pan Boak”. “Boak” means “hole” in E-san (a dialect in the northeast of Thailand) and “Sam Pan” (3,000) actually means thousands of holes. In fact, tourists can only see the rocks during the dry season. Its beautiful scenery attracts many tourists and this wonderful place would be just perfect for sci-fi and action movies.

- Location: Sam Pan Boak is located in Amphoe Poa-sai (about 120 kms from the city of Ubon).

How to get there

There are different ways to get there

1. Car rental - You can rent cars at the airport and drive there.

2. Taxi - You can take a taxi. They might charge you with daily rates.

3. Bus - It may take 4-5 hours by bus and you will need to transfer to different routes.

- Best time to visit: December - April
2. Hat Chom Dow (Stargazing Riverbank)

- Descriptions

Hat Chom Dow (Stargazing Riverbank) is very similar to Sam Pan Boak. One major difference is that this place not only has rocks with holes, but also has a clean white sandbank. It is excellent for stargazing in dark nights. If you are looking for filming locations for romantic, action, sci-fi movies, you need to come to this awesome place!

- Location: Hat Chom Dow is located in Amphoe Na-tan (not far from Sam Pan Boak). It is about 140 kms from the city of Ubon.
